

7.1.6 Geo-tagged Photographs: Green Campus initiatives

Green Campus initiatives:

GO GREEN INITIATIVES

In Order to support, Prime Minister initiatives towards to promote green environment & healthy lifestyle, ITS has also taken the active steps towards latest initiative of Solar Heating, rain water harvesting, E-Waste recycling, vermicompost & other green initiatives to launch "Green Belt" at ITS Dental College, Plot No-47, Knowledge park III, Greater Noida.

Solar Electricity
ITS is generating around 3 Lakhs watts of electricity every year from solar panels.

Rain Water Harvesting
ITS recharge Ground water by Rain water Harvesting.

ETP Plant
ITS has Effluent Treatment Plant helps to purify wastewater generated from our campus, so it can be reused for additional utilization.

Vermicompost
ITS has Vermicompost to create natural fertilizers from wet waste.

E-Waste Recycling
ITS has specific protocol for E-Waste recycling to reduce pollution & save energy.

Solar Heating
Solar panels are installed in the campus of ITS to use endless amount of solar energy available.

Plastic Free Campus
Our College is Plastic free Zone to preserve the Environment.

Power Saving LED Lights
Unique environment friendly LED Strips lightings are used in the campus.
