Letter of Thanks and Appreciation

Dear Sir,

Dastaan Foundation has been making large strides utilizing the power of youth to foster change and create a difference in lives. We have initiated several projects to take up the concept of creating a saga in every single 'life' and to realize an underlying 'Dastaan' within it.

In the same sequence of actions, we initiated Medical OutReach Drives for fostering health related awareness and countering diseases while uplifting the hygiene in the weaker/backward sections of the society.

We are extremely thankful to I.T.S Dental College, Hospital and Research Centre for their invaluable support in making the Medical Drive come true at ground level.

We highly appreciate the high-heartedness of Honorable Principal Dr. Puneet Ahuja for his permission and proactive support to the drive.

We are also grateful to the team of Doctors who voluntarily served at the Medical Camp and appreciate the enthusiastic efforts of Dr. Bhupendra Singh and his team.

It has been a brilliant experience while working with your team, and we look forward to a long lasting relationship ahead. I look forward to 'make a difference' together with I.T.S Dental Hospital.

Once again, thanks a lot.

Kind Regards

Mohammad Shadaan Husain

To
The Superintendent
Bulandshahar Jail

Sub: - Proposal Regarding Opening of Satellite Dental Clinic at Bulandshahar Jail

Sir,

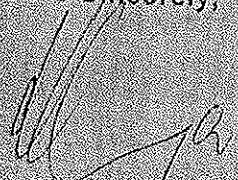

We have been holding monthly dental treatment camps in Bulandshahar Jail which have proven to be of great benefit to the Jail inmates. Encouraged by your immense co-operation as well as taking into account the dental needs of the inmates, we propose to open a satellite dental clinic within the Jail premises on the following terms and conditions:

1. The dental chair and all the concerned dental equipments including material for dental check up and treatment will be provided by our Hospital.
2. A dentist will be posted on a rotation basis for 2 days in a week from 10:00 a.m to 3:00 p.m.
3. The transportation charges of the dentist will be borne by our Hospital.
4. Security of the dental personnel will be the responsibility of the Jail authorities.

We hope that this effort would go a long way in catering to the dental needs of the special population in which the incidence of oral disease is high.

Thanking you,

Yours Sincerely,

[Dr. Puneet Ahuja]
Principal
